

“Diversity and Internationalization in Higher Education“

ERASMUS+ Staff Week / 18 to 21 March 2019
Preliminary Program

Dear partner

During the week we will discuss international mobility projects as well as chances and challenges of the ERASMUS+ Program.

We plan to offer group discussions and workshops on diversity and internationalization. Since communication with the different target groups plays an important role in the process of internationalization, the ERASMUS+ Staff Week will also focus on communication strategies and the marketing of international mobility programs aiming at students and staff. We wish to share experiences and examples of best practice with you. In addition to that we will invite you to meet colleagues from different working areas for networking.

During the ERASMUS+ Staff Week we will host our institution's annual [International Day](#). This information event presents different mobility programs and highlights the diverse opportunities for students and staff in the context of internationalization. We kindly ask you to contribute actively to the [International Day](#). We would welcome flyers and brochures concerning your institution or the programs you offer as well as any kind of information material you would like to add.

See you soon in Hannover!

Kind regards

*Prof.in Dr.in phil. Dipl.-Päd. Dörte Heußeldop
Vice-President for Diversity, Continuing Education and International Relations*
