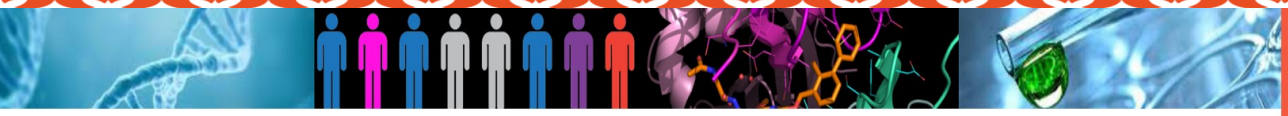
Summer School Graduate Programme "Precision health"



Precision health

FIRST SUMMER SCHOOL GRADUATE PROGRAMME PRECISION HEALTH

Breaking Down Barriers: How interdisciplinary approaches shape precision health

how different and complementary disciplines talk to each other to serve precision health, with a particular focus on human and social sciences, the ethical dimension and scientific communication to the public in general.

- Local, national and international speakers,
- Flash-talk and poster sessions by students after selection by the scientific comitee (40 seats)
- Social activities, ...

Université de Lille · Egid · PreciDIAB National Center for Precision Diabetic Medicine · DISTALZ Laboratoire d'excellence · France 2030

Date:
3-5 July 2023

Location:
Lille

Public:
Students, postdocorants, researchers, ingeniers, ...

Registration for free but mandatory before **05 June 2023**
